THE ORIGINAL SUPER DONUT® - 2.2oz.

KEEP FROZEN; DO NOT REFRIGERATE

REASONING for keeping Super Donuts frozen until ready to thaw and serve, and why we recommend a 3-day ambient shelf life:

- 1.) To preserve the "Better for You" nutritional benefits of the Mineral, Vitamin, Protein FORTIFICATION in a Super Donut.
- 2.) To present the consumer with a more natural product, which contains NO ARTIFICIAL flavors, colors, or preservatives.
- 3.) To consistently ensure the "Super Taste" Experience, while delivering meaningful amounts of nutrients.

Simply THAW & SERVE at room temp.

Super Donut® is uniquely crafted using **NO** Artificial Flavors, Colors or Preservatives.

In addition, it is **FORTIFIED** with **MINERALS, VITAMINS** and **PROTEIN** so it's better for you! Made in a Peanut / Tree Nut Free Facility
